of his questions in a day, but I have answered at least 2 of them I
e seen this user around here for several weeks, so I thought I
ld start a chat with him. I got a sort of misgiving though because
asn't been putting in any effort to improve his post quality, so I
ght he might not want any help. But he started complaining that
asn't got any comments or answers on his questions. I was happy
elp him in any way as I thought he would benefit from getting at
t one comment on a question. But he starts complaining that he
n't gotten any answers. However, the answer he got was mine. So
t paranoid and just said I don't see him complaining about that
more, as he has gotten about 10 answering comments and 16
pts. I think he was getting a bit testy though, so I stopped trying
pproach him again. I have answered enough of his questions
gh, so he should be able to find me. Now, I have a feeling he will
t complaining about me not answering his questions for him. I
t mind if he doesn't like my answers but I have just told him to
me. I guess I have written an answer as if I thought he was going
sk for help again, he ended up changing his title and I didn't
w whether he was still hoping I would come to his aid or not. Is
I'm going to end up in trouble, since I am supposed to be helpful
